Coaching for Study Skills

Joseline Amado
Academic Learning Skills Coach
jamadora@uci.edu
As always, if you have questions for your LARC Tutorial Leader, you can contact them best through your tutorial Canvas page.
LARC Tutorials:

LARC tutorials will be conducted in regularly scheduled sessions via Zoom and Canvas. We hope you are doing well and staying safe. We want you to know that we have your back! LARC will be available for Spring 2020 through Zoom. We hope that through our new online platform, you can develop a space to thrive academically, connect with other students, and learn new ways to reimagine your study systems. LARC Tutorial sessions will continue to incorporate tons of fun study tools, interactive activities and collaboration with your peers. Our leaders are here to assist you in succeeding as you transition to this new instruction style. We are committed to make you feel connected to UCI, even while you learn remotely in the comfort of your own home. Come be a part of our growing learning community, and zoom ahead with LARC! The tutorial schedule is live, and can be viewed here: https://enroll.larc.uci.edu/ Enrollment begins March 25.

LARC Academic Learning Skills Workshops and Consultations:

At this time, our director is evaluating the feasibility of online group workshops. Students with contract requirements will be able to meet 1:1 with staff via Zoom. Consultations will be available through Appointments (https://appointments.web.uci.edu/) just as before, and students will be provided Zoom links for their scheduled time slots. Proof of attendance will be provided electronically.

LARC After Dark:

Spring drop-in services are still free and will be available through Zoom at regularly scheduled times. Times will be posted on our website main page (http://www.larc.uci.edu/).

Sponsorships for Tutorials: Student Success Initiatives will continue to provide sponsorships for eligible students, as will some other campus groups. You can contact Adeeva Myer (ammyers@uci.edu) at SSI for more information.

Support for Online Learners:

It’s important to us that we support students’ success as they transition to online learning. We will be providing resources via our Study Tips page, social media and direct email outreach. The website resources should be available before week 1.
